February 2015

From the Town Manager

Dear Reader:

The January Blizzard of 2015 dropped far more snow than our local forecasts predicted. The high wind predictions were spot on. The unrelenting wind Monday evening through Tuesday caused white out conditions and snow drifts five feet high. Abandoned cars on state roads (Rte. 28, Route 132, and the Airport Rotary) forced the Town to pull resources off our main roads to clear the state feeder roads to the hospital. We were forced to tow over 100 abandoned vehicles off these roads during the height of the storm.

On Wednesday, January 28th, through 5:00 PM, we focused on clearing the main roads. DPW then began using our larger Town trucks on the secondary roads. Smaller contract vehicles, which normally do a fine job during Cape snow storms just couldn't handle the volume of snow produced by Juno. We had access to secondary roads by the end of Thursday and will continue to widen these roads over the next couple of days.

I want to join with those of you who called thanking the DPW for their non-stop efforts. Their hard work has helped us to get through this epic storm.

We kicked off the formal budget preparation process with a presentation on the financial condition of the town at a joint meeting of the Town Council and School Committee on January 22nd. The winter months are when town staff prepares the Capital Budget and the Operating Budget for presentation to the Town Council in March and May, respectively.

As you may have heard, this will be the last budget for Superintendent Mary Czajkowski who has accepted the position of Lexington Superintendent. We are grateful for the time Dr. Mary spent with Barnstable Public Schools and we know that the School Committee will be working thoughtfully on their plan to replace her. Dr. Mary will remain in her position through the end of this school year in June.

Assistant Airport Manager Frank Sanchez will be retiring after 20 years of dedicated service. Following an extensive search and interview process, the Airport Commission voted unanimously to hire Katie Servis as the next Assistant Airport Manager. Ms. Servis comes highly recommended by the Massachusetts Aeronautic Commission. You can read more about Katie in this issue of the Barnstable Bulletin.

We also said thank you and best wishes to Jean Boyle, who is retiring after twenty years as a volunteer on the Barnstable Disability Commission. One great strength of our Town has been the talented public employees who have worked in Barnstable and the many volunteers who devote countless volunteer hours on our boards and commissions. Thank you one and all!

TOWN CLERK REMINDERS FOR FEBRUARY...

Wow it is 2015 and very soon your census forms will be in the mail. When you receive your census form please look it over, make any changes necessary and send it back to this office. You can mail it, or drop it off in our office. Even if there are no changes we need you to sign the form and send it back to us. This will make your voting easier this year and keep you up-to-date on the system.

This form must be completed by all residents (not just citizens or voters) residing in the Town of Barnstable. This is in accordance with the laws of the Commonwealth of Massachusetts. You can't register to vote on the form. If you wish to register to vote or make any other changes to your voter status, you can pick up a mail-in form at any of our local libraries or at the Town Clerk's Office.

When students apply for scholarships, they have to prove residency in Massachusetts – it is the local census and our certification that creates that proof. When military personnel return from overseas and need residency confirmed for welcome home bonuses – it is our office, and the information from the census forms, that allow us to sign that form as well.

So, please folks – when you receive your census form please look it over, make any changes and return your census form to us at the Town Clerk's Office.

Any questions on your voter or census status – call us at 508-862-4044.

Ann M. Quirk, CMC

Barnstable New Early Learning Center

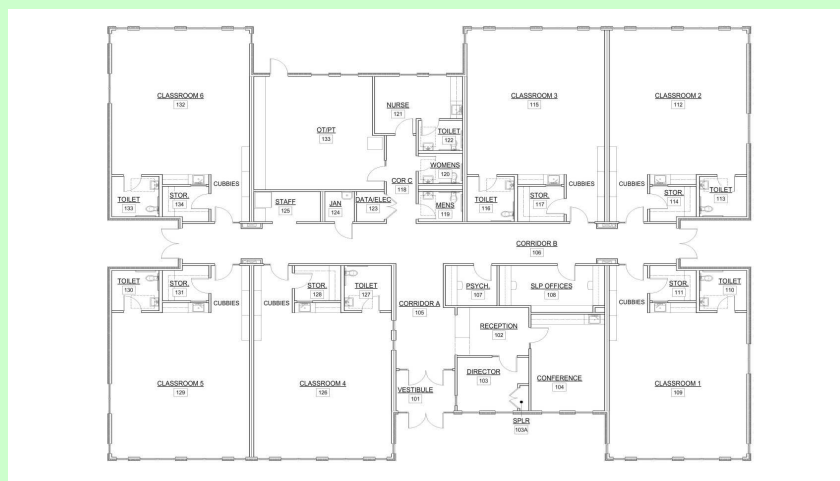

By the start of the 2015-2016 school year, Barnstable Public Schools will have a new permanent modular Early Learning Center (six classrooms) for all our Pre-K students to call their own. With the groundbreaking ceremony just around the corner, I would like to look back at the process that has brought us to this point and what we have to look forward to.

Having a designated early learning center had been talked about for the past several years, along with removing the portable trailers at Hyannis West (HyWest) and Barnstable West Barnstable (BWB) Elementary Schools. Last spring, we worked with TBA Architects, Inc. to come up with a design for the modular construction and removal of the portables at HyWest and BWB (floor plan shown on next page).

In the early fall of 2014, we put out a bid for the new modular Early Learning Center project with a projected completion date of February 2015. Bids for the project came in over 50% more the estimated \$2 million cost from the architects. The project was re-bid with a completion date of August 2015 and the bids came in slightly higher than the \$2 million estimate. The School Committee and Town Council voted to approve additional funds for the Early Learning Center in late 2014.

Triumph Modular won the bid for the new modular Early Learning Center project. The final decision on the design for the project's first phase has been decided and the contract between Triumph Modular and the Town of Barnstable has been signed. The discussion for the naming of the new Early Learning Center began at January's School Committee Meeting and will be a focus of the School Committee at the February 4th meeting, whereby there will be a public hearing on the naming of the facility. Following the groundbreaking, surveying the site and site preparation will commence. The modular units will be delivered and installed this spring. The Early Learning Center will open at the start of the 2015-2016 school year. Phases II and III of the project consist of removing the current portable trailers at Hyannis West and BWB .

I would like to give a special thank you to the School Committee, Town Council, Town Manager Tom Lynch and Finance Director Mark Milne for their unwavering support on the Early Learning Center project. Also deserving of thanks is Director of Facilities Dave Kanyock, Deputy Director of Finance Gareth Markwell and Principals Kathi Amato and Frank Gigliotti for their time, effort, and input on the project. The project is coming together wonderfully and in a few months all of your hard work will be realized!

The Hyannis HyArts Cultural District, Barnstable Village Cultural District and ArtsBarnstable.com is pleased to support Lenore Lyons, Director of Arts Education, Cotuit Center for the Arts and The Key Idea™.

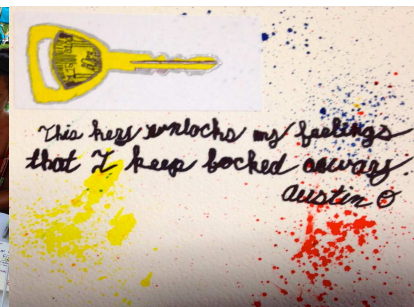

We lock and unlock important things. The Key Idea™ invites Cape Codders and visitors to create a piece of key inspired art and writing that will become part of a large-scale community art exhibit at Cotuit Center for the Arts in Oct 2015. This multigenerational project explores what is important at different stages of life through the metaphor of a key. People of all ages can participate by selecting a key, then creating a piece of art with a written explanation of what the key might open, start or do, alternatively what the key might secure or close. Keys are objects that recall vivid memories and inspire powerful concepts.

Events will be planned throughout the year to encourage participation by people of all ages – everyone is creative with a story to tell. Or maybe you have some keys that you no longer need...please donate them to inspire others.

Please consider gathering up keys you no longer use or maybe you have a random key in the back of "that drawer" and drop off or mail to Lenore at:
