## **UPDATE**

### **IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER** The Hyannis Water System supplies water to customers in Hyannis, Hyannisport and West Hyannisport.

### **DRINKING WATER PROBLEM CORRECTED BOIL ORDER LIFTED**

Customers of the Hyannis Water System were notified on Saturday, November 10, 2007 of a problem with our drinking water and were advised to boil their water prior to consumption. We are pleased to report that the problem has been corrected and that it is no longer necessary to boil water for consumption. We apologize for any inconvenience and thank you for your patience.

The Boil Order placed in action on Saturday November 10, 2007 has been rescinded by the Massachusetts Department of Environmental Protection.

Sampling and testing of the broader distribution system occurred yesterday (11/11/07). Results of this latest sampling indicated no contamination. At this present time it appears that the contamination was confined to the small tank.

We remain in contact with Massachusetts, Barnstable County and Town of Barnstable Public Health Officials as well as the Massachusetts Department of Environmental Protection.

Please contact the Hyannis Water System at (508)775-0063 or PO Box 326, Hyannis, MA 02601 with any comments or questions.
