The undersigned agrees to comply with PART VIII, SECTION 14.00 of the Board of Health Regulations. 'The septic system inspector shall complete every applicable section of the "Title 5 Official Inspection Form - Not For Voluntary Assessments, Subsurface Sewage Disposal System Form," supplied by the Massachusetts Department of Environmental Protection. In addition, at the bottom of the last page of this official inspection form, the septic system inspector shall provide a sketch diagram showing the vertical separation distance between the bottom of the soil absorption system and the groundwater table along with any high groundwater elevation adjustments determined. The Septic System Inspector shall submit a copy of the completed septic system inspection report along with the required processing fee to the Public Health Division Office within 30 days of the inspection date.'
