Please join us for the downtown Hyannis Parking project open house on Wednesday November 30th at Barnstable Town Hall. Consulting firm Nelson\Nygaard <http://nelsonnygaard.com/office/boston-ma/> has completed a comprehensive examination and analysis of parking in the downtown Hyannis area and developed recommendations based on their findings.

On November 30th residents, businesses – employers and employees – and all those interested are invited to participate in open house activities and engage with Nelson\Nygaard and Town staff. The open house will take place from 5:00 pm – 8:00 pm, with a formal presentation on project findings and recommendations at 6 pm.
