District Improvement Financing Public Information Session March 27, 2024 at 3:00pm

The Town of Barnstable invites the public to a virtual District Improvement Financing (DIF) Information Session on Wednesday, March 27th at 3:00pm.

District Improvement Financing (DIF) is a local tool that allows a municipality to identify and capture incremental tax revenues from new private investment in a specific area and direct them toward public improvements and economic development projects. DIF is not a new tax or special assessment, and it does not increase a municipality's tax rate.

The Town recently received a grant through MassDevelopment's Real Estate Technical Assistance Program to examine the possible benefits of creating a District Improvement Financing Program for downtown Hyannis. The Town's consultant, Camoin Associates, will provide an overview of the potential program at this public information session.

For any questions please contact Kyle Pedicini, the Town of Barnstable Community & Economic Development Planner, at kyle.pedicini@town.barnstable.ma.us.
